Council statement on the attack on the British embassy in Iran

3130th FOREIGN AFFAIRS Council meeting
Brussels, 1 December 2011

"The Council is outraged by the attack on the British Embassy in Tehran and utterly condemns it. It is a violation of the Vienna Convention. It also deplores the decision to expel the British Ambassador from Tehran. The Council considers these actions against the UK as actions against the European Union as a whole. The EU is taking appropriate measures in response."
