

## EU Delegation workshops civil society, media on human rights programming

The EU Delegation organised a workshop on a Human Rights Based Approach to Programming for ten organisations from civil society and selected journalists on March 10-11. The purpose of the workshop was to give CSOs a more profound knowledge on human rights and tools to more effectively integrate human rights into their programs.

This was also an opportunity for networking and developing partnerships amongst themselves and with the media. The workshop was facilitated by Ms Jacqueline Nzoyihera from the United Nations Office of the High Commissioner for Human Rights (OHCHR).

Civil society organisations and journalists immersed in a group discussion. In the background is the facilitator Ms Jacqueline Nzoyihera from the United Nations Office of the High Commissioner for Human Rights (OHCHR) and EU Delegation representative Ms Harriet Pederson. (r)
