# EU Film Festival 2010

This year, the European Union is holding its 15th EU Film Festival in Goa, Mumbai, Chennai and New Delhi from 24 April to 20 June.

The EU Film Festival in India is a regular initiative that in the past editions has successfully presented a selection of modern European cinema to the Indian public in major cities. The EU Film Festival is made of a bouquet of films that give vivid reflections of the cultural streams of Europe and stories that describe the European life in certain socio-economic and cultural environments, representing an important facet of the growing cultural relations between the EU and India. Furthermore, it is also an occasion when all the different diplomatic missions of the EU in India come together to present a common European event.

This year's EU Film Festival showcases a package of 23 films in Goa from 24 April to 5 May, in Mumbai from 9 to 18 May, in Chennai from 1 to 8 June and in New Delhi from 12 to 20 June, each one from a different Member State.

The opening ceremony of this year's Festival is being staged thanks to the precious support of the Entertainment Society of Goa.

Although the owner of the bus company is arrested as well and makes a full confession, clearly indicating that both drivers were unaware of the hidden drugs, the Moroccan judge sentences both men to 5 years in jail, in the Moroccan prison of Tangiers. Nothing could have prepared the 2 men for what life would be on the inside of a Moroccan prison. Without food, clothes or medical care, they must learn how to take care of themselves as they try to survive their stay in prison. Corrupt guards, a Consul that doesn't care, corrupt lawyers and judges, and frequent beatings are only part of the terrible prison-life - while at the same time their families at home are left without any information, any help or any hope -.

However, this very day the kingdom of Romania takes leave of its ally of many years - Nazi Germany - thus ending the 800 year old, highly successful story of ethnic German immigration at the feet of the Carpathian Mountains.
