Description

The objective of this tender is to conclude a framework contract with a company specialised in the security of persons and goods. The scope of the services includes, but is not limited to:

- The surveillance and patrolling of the premises (office building and expats' accommodation) of the EU Technical Support Office to avoid intrusion and attack on persons and their belongings;
- The control of access to the premises by visitors;
- The communication between the premises by means of a [VHF/UHF] radio network linking all the premises to a central operations centre to be manned by operators from the company;
- The immediate intervention by use of a rapid response or back-up unit to any of the premises in the event of an incident;
- Other related security services such as installation of alarm systems. A framework contract with a maximum duration of 4 years will be implemented via order forms and specific contracts.

Candidates should pay special attention to Section VI.3 of the contract notice in the Official Journal of the European Union, (<http://ted.europa.eu>), **notice: 414707-2013** as to the requirements to submit their Requests to Participate.

Requests to Participate must be submitted by January 8th, 2014 to:
