PRESS RELEASE

EU DELEGATION PUBLISHES 2011 CO-OPERATION RESULTS

Today the EU Delegation in Maseru announced the 2011 results of the co-operation between the European Union and Lesotho.

The review shows that over the last two years the European Union has contributed over LSL 1 billion in support to the Government of Lesotho. The completion of major roads and water projects and budget support payments for an amount of LSL 150 million are a few of the highlights of the year 2011.

Commenting on the 2011 co-operation results EU Ambassador Hans Duynhouwer said:

"The year 2011 has been a good year for the EU's co-operation with Lesotho. We are working well together, with Government departments, but also with civil society organisations. In 2011 we gave new impetus to the political dialogue between the Government of Lesotho and the European Union. We hope to build on these positive results in the year ahead".

A leaflet detailing the main results is attached.
