FIRST VILLAGES TO CONNECT THEIR PUBLIC INSTITUTIONS TO THE STRAW-FIRED HEATING SYSTEMS HAVE BEEN SELECTED

The first 17 rural communities from the Republic of Moldova to connect their public institutions to the straw-fired heating systems were selected. All in all, 11 schools, 10 kindergartens and one community centre will be heated during the winter time with locally produced energy. The rural public institutions will be connected to the biomass-based heating systems with the financial support of the Energy and Biomass Project, funded by the European Union and co-funded and implemented by the United Nations Development Programme in Moldova.

More than 13,400 persons, of which almost 5,000 children will increase their heating comfort due to the new thermal equipment for biomass-based energy production. The selected rural communities are located in Stefan Voda, Leova, Cantemir districts and Gagauz Yeri ATU – these being the first regions in which the Energy and Biomass Project launched its activities.

ASSESSMENT VISIT ON THE MECHANISM FOR COORDINATING AND MONITORING THE IMPLEMENTATION OF THE MOLDOVAN STRATEGY FOR JUSTICE SECTOR REFORM

In the period of 17–20 October, the EU-funded and Council of Europe-implemented “Democracy Support Programme in Moldova” organised an assessment visit on the possibilities for the setup of a mechanism to coordinate and monitor the process of implementation of the Strategy for Justice Sector Reform.

In the framework of this assessment visit, bilateral meetings with representatives of the Justice Sector reform stakeholders as well as representatives of all relevant authorities and organisations have taken place. The assessment mission concluded with a wrap up roundtable where broader discussions on the subject were held. The outcome from the meetings and roundtable served as an opportunity for the CoE expert to formulate first conclusions and recommendations and exchange them with the Moldovan counterparts. A comprehensive report on the most suitable coordination mechanism for the implementation of the Moldovan Justice Sector reform will be drawn up shortly.

CONTROLLED DELIVERY IS USEFUL TOOL IN FIGHTING ORGANISED CRIME

The European Union Border Assistance Mission to Moldova and Ukraine (EUBAM) partners from the border guard and customs services of Moldova and Ukraine, the security services of Moldova and Ukraine, the Moldovan and Ukrainian ministries of internal affairs and the Moldovan Centre for Combating Economic Crime and Corruption on 14 October 2011 completed a five-day training session in controlled delivery – the first time training of this kind has been conducted by the Mission.

Controlled delivery is a tool employed by the criminal prosecution authorities which is indispensable to effectively detect organised crime. Also among the 35 participants were two teachers from the Odessa and Lviv National universities of Internal Affairs.

Experienced officers from the Austrian Federal Ministry of Internal Affairs, SOCA and New Scotland Yard came to Odessa to deliver the training, which aimed to share best practice and knowledge in relevant subjects such as how to plan, organise and conduct controlled delivery, and how to cooperate with other law enforcement agencies.

EU-FUNDED PROJECT SUPPORTS THE CENTRE FOR HUMAN RIGHTS IN PREVENTION OF ILL-TREATMENTS

The EU-funded and UNDP-implemented "Torture Prevention" project donated on October 12, three cars for the regional offices of the Centre for Human Rights of Moldova, located in Cahul, Balti and Comrat. The project also donated the IT equipment and software for the Intranet System of the Centre for Human Rights, which will be in place by the end of the year, for handling the complaints mechanisms at National Preventive Mechanism and Centre for Human Rights. The total cost of the donation is about 1.5 million MDL. The Centre for Human Rights of Moldova and the National Preventive Mechanism will increase its efficiency and mobility in monitoring places of detention and in handling the complaints.

The Ambassador Dirk Schuebel, Head of the European Union Delegation to Moldova, stated that "regional offices have an extensive role to play in the operations of the ombudsman institution. In light of the nature of its functions, the ombudsman institution must remain close to the people and the human rights problems they encounter in their daily life and in contacts with different authorities. The donated cars and IT equipment will contribute at the developing the institutional capacity of the Centre for Human Rights and its regional offices in exercising its functions focused on human rights protection".

EU-FUNDED PROJECT ENSURED PROPER LEARNING PREMISES FOR THE EMPLOYEES OF PENITENTIARY SYSTEM OF MOLDOVA

The renovated premises of the Training Centre of the Department of Penitentiary Institutions, situated in Goieni, were officially inaugurated on October 11. The Centre was reconstructed with support of about 2 million MDL of "Torture Prevention" project, funded by the European Union and co-financed and implemented by the United Nations Development Programme (UNDP).

Being present at the opening ceremony, the Ambassador Dirk Schuebel, Head of the European Union Delegation to Moldova, mentioned that the importance of the Training Centre is crucial in building a learning culture of the penitentiary staff and reducing internal opposition to the reforms. "The Training Centre should be a promoter of the application of the best practices in the field of inmates management, application of progressive imprisonment schemes and prevention of ill-treatment and torture in prisons; it should be supporter of the reforms of the penitentiary system by educating the staff on the important role penitentiaries play in the process of rehabilitation and reintegration of detainees and on system's place in the larger justice chain", remarked the Ambassador Dirk Schuebel.

BELGIAN SERVICES SHARE STRATEGIC-PLANNING TIPS WITH UKRAINIAN/MOLDOVAN OFFICERS

The Belgian police and customs services have hosted a delegation of 12 border-guard and customs officers from Moldova and Ukraine for a week-long study visit dedicated to sharing knowledge and experience of the organisational strategic planning process.

The 12 officers, accompanied in Brussels from 2-8 October by EUBAM's Strategy, Planning and Performance Office, are all directly or indirectly involved in the monitoring and evaluation of results in their own services. The study visit afforded them an opportunity to examine the strategic-planning best practices of the Belgian services. Among the topics covered during the visit were: the process of elaborating a strategy for the police/customs service; the planning process; the monitoring and evaluation of planned actions; integrated reporting systems. Those topics are essential parts of the management cycle in every civil service.

11 SCHOOLS AND KINDERGARTENS FROM STEFAN VODA WILL BENEFIT FROM STRAW-BASED HEATING

9 villages from Stefan Voda Rayon which will get their public institutions connected to biomass-based heating systems have signed on 29 September Memorandums of Understanding with the United Nations Development Programme.

Stefan Voda Rayon is one of the first 4 regions in the Republic of Moldova in which the Energy and Biomass Project, funded by the European Union and implemented by UNDP Moldova, has launched its activity. A number of 11 schools and kindergartens from these 9 villages will be heated during the winter time using the locally produced energy.

"Although Stefan Voda Rayon is fully supplied with gas, it is also one of the first rayons which accessed the alternative energy sources. I am proud that thanks to the Energy and Biomass Project, 9 villages from Stefan Voda will heat their kindergartens and schools with energy produced based on cereal waste", stated Nicolae Orlov, Deputy Chair of the Stefan Voda Rayon Council during the memorandums' signing event.

PROJECT SYNERGIES TOWARDS COMMUNITY FOREST DEVELOPMENT IN MOLDOVA

Two ongoing projects in Moldova, the EU-funded ENPI FLEG programme in cooperation with a Japanese Grant project, have joined forces to conduct management planning in community forestlands in order to ensure that local communities will preserve forest ecosystems and have community forests able to provide both benefits and habitat for biodiversity.

The NGO Eco-Spectru (under ENPI FLEG) and Forest Research and Management Institute (under Japanese Grant) are jointly undertaking management planning work over 36 11,87 ha of community forestlands within 26 village communities throughout the country. Engineer staff the NGO in cooperation with Agency Moldsilva and Forest Research and Management Institute assisted local authorities' personnel (cadastral specialist or staff responsible for forestland management, if it the case) in developing management plans and project activities to be undertaken.

The products to be delivered to the final beneficiaries, i.e. local public authorities managing forestland, are forest (stand) maps and inventory book of forest resources that will include detailed description of forest/stand composition and structure, type of habitat, harvesting and/or conservation activities, long-term activities likely to be applied, other technical information.
