

Statement of the Group of Ten Ambassadors

The Group of Ten Ambassadors welcomes the signature by all parties in the National Dialogue Conference of a document on Solutions and Guarantees relating to the Southern issue and the clarifications of its significance enshrined in the statement by the Presidency of the National Dialogue Conference issued on 7 January. These are important steps in the National Dialogue process, GCC Initiative and Yemen's future.

The Ambassadors welcome the reaching of this milestone in the National Dialogue and look forward to the conclusion of the Final Plenary, prior to the discussion of Yemen at the United Nations Security Council meeting on 28 January. The Ambassadors applaud this spirit of co-operation and compromise. The Group of Ten will condemn any attempt to undermine Yemen's transition process, in accordance with relevant UN Security Council resolutions.
