

# TEAM EUROPE supports Indonesia's response to the CORONAVIRUS crisis

As a global actor and a major contributor to the international system, the EU is determined to promote a coordinated multilateral response to the coronavirus pandemic, the worst global health crisis this century. The EU's response follows a "Team Europe" approach, aimed at saving lives by providing quick and targeted support, combining resources from the EU, EU Member States and financial institutions.

Donation of **hand sanitizers, vitamins and basic food supplies** to children in need.

Donation of **hygiene supplies, equipment and food** to hospitals and people in need.

Donation of **masks, clothes, and other necessities** to hospitals and healthcare workers.

Support to the IAEA (€100.000) for **rapid PCR test kits**.

Funding for anti-Covid **protective equipment for clinics** in Timor, East Nusa Tenggara (€10 000).

Grant support (€5 million) for credit line of USD 150 million by the Agence Française de Développement (AFD) to PT SMI including on their mandate to **strengthen the health sector**.

Grant (€10 million) accompanying loans by the German KfW of €67 million to **support teaching hospitals** in South Sulawesi and East Java (planned).

Donation of **hazmat suits and face shields** to three hospitals, as well as **food packages** to foundations supporting children and communities in need.

Public Finance Management: **Advice to the government of Indonesia on expenditure management** through the PFM Trust Fund (€10 million).

Support to the UN Multi Sector Response Plan through International Organisation for Migration (IOM) (€400 000) for **coordination mechanisms and community-based protection services** in Indonesia.

Support to the World Health Organisation (WHO) (€20 million) for Southeast Asia, including Indonesia, to **strengthen the health system** and capacity to respond to the coronavirus and future diseases.

OVER  
**€200**  
MILLION

**TOTAL TEAM EUROPE SUPPORT TO INDONESIA**

The Global Fund to Fight Aids, Tuberculosis and Malaria (€8.3 million) ensures the **lessons learnt from the fight against these diseases** are included in the response to the coronavirus.

Grant funding for NGOs (€5.3 million) to support the government to tackle the health emergency and mitigate economic, social and health impacts. They will respond to the immediate health crisis and the resulting humanitarian needs of marginalised and high risk populations, strengthen health, water and sanitation systems, as well as economic recovery.
