**Statement by the Ambassador of Spain on behalf of all the
Ambassadors of the European Union Member States and the Head
of the Delegation of the European Union**

It was with deep regret that I learned of the missing members of the Republic of Korea Navy following the sinking of the South Korean patrol boat Cheonan on March 26th and the death which occurred in the subsequent valiant rescue effort.

I would like to express my heartfelt sympathy to the Government of the Republic of Korea and the families of the bereaved and missing.
