**EU military operation in Bosnia and Herzegovina
(Operation EUFOR ALTHEA)**

Updated: Jan. 15

Mission background

The military operation ALTHEA in Bosnia and Herzegovina (BiH) was launched on 2 December 2004 and has contributed to the maintenance of the safe and secure environment in BiH ever since. The launch of Operation ALTHEA followed the decision by NATO to conclude its SFOR-operation and the adoption by the UN Security Council of resolution 1575 authorising the deployment of an EU force (EUFOR) in BiH. In the framework of Operation ALTHEA, the EU initially deployed 7000 troops, to ensure continued compliance with the General Framework Agreement for Peace (GFAP) in BiH and to contribute to a safe and secure environment. Operation ALTHEA is carried out with recourse to NATO assets and capabilities, under the **"Berlin Plus" arrangements**.

Mandate and objectives

In light of the improving security situation, Operation ALTHEA has been reconfigured four times, most recently in September 2012, but continues to act in accordance with its peace enforcement mandate under Chapter VII of the UN Charter, as specified in the latest **UN Security Council Resolution 2183 (2014)**.

The main objectives of Operation ALTHEA are:

- To provide **capacity-building and training** to the Armed Forces of Bosnia and Herzegovina
- To support BiH efforts to maintain the **safe and secure environment** in BiH
- To provide support to the overall **EU comprehensive strategy** for BiH

Operation ALTHEA monitors and supports the local authorities in carrying out tasks derived from the GFAP (Dayton Agreement) such as: countermines activities, military and civilian movement control of weapons, ammunition and explosive substances, as well as the management of weapons and ammunition storage sites.

Operation ALTHEA retains its presence throughout the country through Liaison and Observation Teams (LOT). The manoeuvre units, based in Camp Butmir, Sarajevo, are made up of troops from Austria, Hungary and Turkey.

Operation ALTHEA functions under the "**Berlin Plus**" arrangements, the Operation Commander is General Sir Adrian John Bradshaw (UK) who is also NATO Deputy Supreme Allied Commander Europe (DSACEUR). The EU's Political and Security Committee exercises the political control and strategic direction of the operation, under the responsibility of the Council of the EU.

Through its presence in the country and its support to the local authorities, EUFOR remains an important and visible contribution to the EU's efforts in assisting BiH on its path towards **EU membership**.

The European Union's **Common Security and Defence Policy (CSDP)** includes the gradual framing of a common defence policy which might in time lead to a *common defence*. The CSDP allows the Union to develop its civilian and military capacities for crisis management and conflict prevention at international level, thus helping to maintain peace and international security, in accordance with the United Nations Charter. The CSDP includes a strong conflict prevention component.
