

The European Union (EU) does not provide funding for organisations engaged in violent bandhs

23 May 2012

The EU does not support any group that uses violence or the threat of violence to enforce 'bandhs'

The Delegation of the European Union to Nepal had indirectly funded NEFIN in the past through our international partners, in particular under the 'Janjatis Social and Economic Empowerment Project (JANSEEP)' and the 'Sustainable Development of Disadvantaged Ethnic Communities in Nepal' (SAMARTHYA) project. Both projects were aimed at promoting indigenous people's rights. However, these projects were completed and no further funding has been provided by the EU to NEFIN.
