

General information about Grants

You can find all information about [grants and contracts on the EuropeAid's website](#). This is the EU department that deals with development. It manages EU external aid and ensures that assistance is delivered.

The [practical guide](#) is the working tool explaining the procedures applying to external aid financed by the European Commission. It contains a specific section related to [grants](#).

Those intending to apply for a grant should register in PADOR (Potential Applicant Data On-line Registration) and consult the [calls for proposals](#) on the website of the European Commission's EuropeAid co-operation office.
