
Chair,

I am speaking on behalf of the European Union and its Member States. The EU and its Member States would like to thank the WIPO secretariat for preparing the document SCP/27/2.

We would also like to thank Bhutan, Germany, Jordan and Montenegro for their input based on which the SCP electronic forum website has been updated. The SCP website serves as a useful reference in our discussions and a good basis for better understanding certain aspects of national and regional patent laws. Thus, it is important to keep it up to date.

We would also like to thank Singapore for the interesting presentation. We remain interested in any information on recent developments of national/regional patent laws.

Thank you.
