Project Fiche - Capacity Building and Development of Civil Society Organisations for Business in Trinidad and Tobago

**EU Contribution**: €442,134

**Description**: The action will strengthen the capacity of national and local CSOs and improve their effectiveness in participating in decision making, as well as in implementing national and local policies related to business and the economy.

This project is implemented by the Arthur Lok Jack Graduate School of Business, The Energy Chamber of Trinidad and Tobago and the Trinidad and Tobago Manufacturers Association.

**Duration**: 30 months (Jan 2018 - June 2020)

**Location**: Project funded under the 11th EDF National Indicative Programme Support to CSOs and managed by the EU Delegation Trinidad and Tobago
