Study programmes

The EU has developed a number of programmes to encourage the mobility of students, teachers and researchers and the exchange of information and best practice.
Erasmus+

Erasmus+ is the EU's programme for supporting education, training, youth and sport in Europe. Set to last until 2020, its budget of €14.7 billion will provide opportunities for over 4 million Europeans to study, train, gain experience and volunteer abroad. It also promotes the EU as a global centre of excellence by supporting inter-university EU Master’s Degree courses and funding scholarships for non-EU participants.

Marie Skłodowska-Curie Actions

The Marie Skłodowska-Curie Actions, implemented under the Seventh Framework Programme FP7, strengthen international partnerships and research collaboration by promoting the mobility and career development of researchers.
