

EHEF 2021 Webinar Series Registrant (student) CONSENT FORM FOR PROCESSING OF PERSONAL DATA including contact details

by the European External Action Service (EEAS) and Union Delegations

In relation to the event/meeting organised by the EU Delegation your personal data, including your name, contact details and administrative information are collected to facilitate your participation in the event/meeting, to implement organisational arrangements and your participation in the online event and individual webinars. The processing of personal data is necessary for the task carried out in the public interest for the management and functioning of the European External Action Service, as mandated by the EU Treaties. Having requested your consent by written or oral statement, the Delegation of the European Union may disclose, publish, transmit or quote such material in activities intended for the public. You can withdraw consent any time and object to the processing indicating it to the organisers. The EEAS and EU Delegations, including Regional Teams of the Service of Foreign Policy Instruments of the European Commission, process personal data in accordance with Regulation (EU) 2018/1725 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data. The [Privacy Statement - Data Protection Notice](#) in the context of the events and meetings contains information for participants about personal data processing.

You can find further information on how your data is processed if you give consent to include your data in an EEAS contact list - in the EEAS Privacy Statements on [Contact lists](#) and on [Public Diplomacy Initiatives by the EEAS](#). The individual webinars are organised by the Delegation of the European Union to Japan, alongside European universities or other educational providers. You can give your consent that your personal data are transmitted to the European universities or other educational providers leading the webinars to which you register. In this case the European Universities or other educational providers leading the webinars that you have registered for can contact you to arrange further one on one consultation sessions, or use your data to contact you later or send you additional information.

In addition to personal data that we process for the purpose of organising the event/meeting to enable your participation, in this consent form you have the option (but your response is not influencing your participation) by ticking the relevant boxes on the webinar registration form to provide consent to either one or more personal data processing activities:

I consent that my name and contact details are shared with the European universities or other educational providers leading the webinars to which I register.

I consent that my name and contact details are included in a contact list shared internally among EEAS/EU Delegation services, for the purpose of promoting activities/events and disseminating information.

I consent that my name and contact details are shared with the EHEF 2020 Webinar Series co-organisers (Campus France Japon, DAAD Japan) for the purpose of promoting related activities/events and disseminating information.

THANK YOU FOR YOUR INTEREST & PARTICIPATION!
