Electronic consolidated list
Introduction

Article 215 of the Treaty on the Functioning of the European Union (TFEU) provides a legal basis for the interruption or reduction, in part or completely, of the Union’s economic and financial relations with one or more third countries, where such restrictive measures are necessary to achieve the objectives of the Common Foreign and Security Policy (CFSP).

This list presents the European Union's restrictive measures in force on the date mentioned on the cover page. It comprises:

- the legislative measures based on Article 215 TFEU and those based on the relevant provisions of the Treaty establishing the European Community (in the years prior to 1 December 2009: Articles 60 and 301) and
- the relevant CFSP Decisions and (prior to 1 December 2009) Common Positions, including those which merely provide for measures for which no specific Regulation was made, such as restrictions on admission.

In Union law Regulations are directly applicable in all EU Member States. They have general application and are binding in their entirety. EU Regulations take precedence over conflicting measures of a Member State.

With a few exceptions, this list does not include:

- measures decided in the framework of European Political Cooperation (prior to November 1993),
- restrictions not enacted by a CFSP Decision, a CFSP Common Position or an EU Regulation based on the Articles of the Treaties referred to above,
- EU decisions on suspension or termination of bilateral agreements concluded by the EU and
- EU decisions on suspension or termination of cooperation between the EU and a third country.

This list does not include the legislative or other measures that an EU Member State might take in response to CFSP Decisions and UN Security Council Resolutions.

The CFSP Decisions and EU Regulations in this list are presented in English. They are published in the Official Journal of the EU in all official languages of the EU except Irish and all published versions are authentic.

For CFSP Decisions and EU Regulations published after the date mentioned on the cover page, please consult the Official Journal of the EU.

² “The European Council, recalling the declaration of the Twelve of 6 June, strongly condemns the brutal repression taking place in China. It expresses its dismay at the pursuit of executions in spite of all the appeals of the international community. It solemnly requests the Chinese authorities to stop the executions and to put an end to the repressive actions against those who legitimately claim their democratic rights.

The European Council requests the Chinese authorities to respect human rights and to take into account the hopes for freedom and democracy deeply felt by the population. It underlines that this is an essential element for the pursuit of the policy of reforms and openness that has been supported by the European Community and its Member States. (…)

In the present circumstances, the European Council thinks it necessary to adopt the following measures:
- raising the issue of human rights in China in the appropriate international fora; asking for the admittance of independent observers to attend the trials and to visit the prisons;
- interruption by the Member States of the Community of military cooperation and an embargo on trade in arms with China;
- suspension of bilateral ministerial and high-level contacts;
- postponement by the Community and its Member States of new cooperation projects;
- reduction of programmes of cultural, scientific and technical cooperation to only those activities that might maintain a meaning in the present circumstances;
- prolongation by the Member States of visas to the Chinese students who wish it.

Taking into account the climate of uncertainty created in the economic field by the present policy of the Chinese authorities, the European Council advocates the postponement of the examination of new requests for credit insurance and the postponement of the examination of new credits of the World Bank.”
